Education

CATHOLIC UNIVERSITY OF EASTERN AFRICA Nairobi, Kenya

Bachelor of Science in Computer Science – *Class of 2027*

- Currently in Fourth Year, Second Semester
- Relevant coursework: Web Development, Information Security, Database Systems, Operating Systems, Networking, Software Engineering, AI and Machine Learning

Experience

SILVEROAK EDUCATIONAL COMPLEX Machakos, Kenya

SilverOak Educational Complex is a school in Joska, Machakos County, focused on delivering quality education and holistic student development.

IT Support Assistant *(Part-time / Attachment / Freelance)* **April 2025 – September 2025**

- Provided day-to-day IT support for staff and school systems, helping keep computers and network infrastructure running smoothly
- Installed, configured, and maintained software and hardware including desktops, printers, and school management systems
- Assisted in troubleshooting network issues and maintaining stable internet connectivity across the institution
- Supported basic website updates and SEO improvements to enhance the school's online presence
- Helped manage student and administrative data to support accuracy and accessibility
- Trained staff on basic computer usage and digital tools where needed

Projects

MODERN POLICE OCCURRENCE BOOK MANAGEMENT SYSTEM *(Academic Project – In Progress)*

- Designing and building a Digital Occurrence Book (OB) Management System to modernize how police incidents are recorded and tracked, addressing the reliance on manual, paper-based OB processes in Kenya
- Built using PHP, HTML, CSS, and JavaScript, with a MySQL relational database to store incident reports, officer details, timestamps, and case status
- Implemented secure officer login, incident (OB) entry logging with auto-generated reference numbers, and a dashboard displaying recent cases and basic statistics
- Applied status tracking for reported cases (Open, Under Investigation, Closed) to make case progress easier to follow than paper records
- Used fundamental secure coding practices, including hashed password storage and parameterized database queries, while learning safer handling of sensitive data

Activities

- Active participant in tech communities
- Continuously building projects to strengthen practical programming skills
- Interested in software development, information security, and tech entrepreneurship

Certifications

- **Oracle Cloud Infrastructure (OCI) AI Foundations Associate** – Oracle
- **Introduction to Cybersecurity** – Cisco Networking Academy
